Only **98¢** Each

Hello Folks... "If you would like your garden to be beautiful and fruitful, here are 250 special planting bargains to help you. I think you gardeners will be interested in all. We'll give your order RUSH service."

GEORGE GURNEY'S Corner

Skip this corner, if you like. It's just a space saved for me to visit with you and I know there are lots of interesting items elsewhere in the book.

But with planting time almost here, I do want to urge everyone to get out and plant a little this year. First, a few fruit trees or berries and even a small garden will cut a surprising amount off your grocery bill. And then some lovely roses, shrubs and flowers here and there in your yard will not only give you worlds of beauty, but they add tremendously to the value of your property. You don't have to plant a lot—even a little bit makes a world of difference.

But most of all, getting out and digging in the good earth is good for us all. It's one of the best hobbies and recreations there is. You get exercise, you are outdoors in the fresh air, and creating something valuable and beautiful from a small seed or plant seems to answer something in our nature that we require. Gardening is good for us all.

We've worked hard to assemble all these planting bargains. Some are brand new and you'll want to try them. Some are old favorites at special spring prices. You'll enjoy looking through the book I'm sure.

But send your order NOW. We'll ship at proper planting time and give you some real service. We're here to serve you on Top-Quality, FRESH, LIVE (not dried-out) inspected nursery stock. We're proud of our quality. Hope to see your order soon.

George Gurney

P.S. And don't forget—there's always an extra FREE gift in each shipment from Gurney's. It's our way of saying thank-you to you.

All Gurney Nursery Stock Is FULLY GUARANTEED

Some nurserymen, lately, have been raising a "hullabaloo" about how they guarantee nursery stock. Well, we've been doing that for over 60 years and certainly thought everybody should, even if they didn't.

With us, it has been satisfaction guaranteed or money back for years. That's the Gurney way of doing business and wouldn't think of any other way. And, unlike some guarantees full of hedges and half promises Gurney's is plain spoken and in plain English, and we live up to every word of it.

Your GUARANTEE of SATISFACTORY NURSERY STOCK

We guarantee all our nursery stock to be state inspected, free from disease, true to name, and first class in every way.

Examine the nursery stock carefully when you receive it. If you are not pleased with it in every way, return it promptly at our expense and we will replace it at once, or refund your money in full, whichever you prefer.

After you have planted it, if it fails to grow, owing to weather conditions or other factors over which we have no control, we will adjust for those losses once by issuing a credit for one half (50%) of the original purchase price providing your loss is reported to us not later than August 1, 1962.

Planting Adds \$\$\$ to The Value of Your Home

Even a few shrubs, or a few trees or a few flowers planted in your yard will add worlds of beauty to your home. You get enjoyment plus flowers to pick for your home. But, what many people don't remember, this same planting you enjoy, adds many, many times the cost of the planting to the value of your home. And, as it grows, the value increases year by year. Planting is something that always rewards you many ways.

What About Moon Signs?

Many people ask us about moon signs. Some follow them religiously for planting and have good luck. Some don't. Frankly, we don't know. But, for years, we have offered the famous Llewellyn Moon Sign Book. Sold thousands of them, too. It's the best book of its kind we have ever seen—272 pages of information on personal horoscopes, Best Planting Dates, Best Fishing Dates, etc. Sells for \$1.50, postpaid. If interested, buy it, look it over and if you don't think you get your money's worth from it, send it back promptly for refund (Order No. 4027S).

A Word About GURNEY'S DELUXE FRUIT TREES

In the listings of fruit trees on other pages, you have, no doubt, noticed Gurney's DELUXE grade fruit trees listed.

This is an EXTRA-SPECIAL grade for those of you who want the very finest. All have been carefully selected, are Jumbo-Size, Extra Straight, Extra well-branched, have Extra-heavy root systems—the kind that come into bearing early. All are properly pruned for you, ready for planting, and wrapped in special poly wrapping to arrive in absolutely perfect condition.

All our tree sizes are good to plant, but there is no doubt the DELUXE is the best. That's why we make this guarantee.

Gurney's DELUXE GRADE Guarantee
Every Gurney Deluxe Grade fruit tree is guaranteed, if properly cared for, to be in vigorous growing condition one year from planting or will be replaced once absolutely free.

Only Gurney's Genuine HYBRID ELM

Offers You These Many
Outstanding Features

- **EXTREMELY FAST GROWTH.** Imagine a growth of from 8 to 14 ft. in one growing season! You really get shade in a hurry.
- **DISEASE RESISTANT.** Gurney's Hybrid Elms have never been known to be bothered by the dreaded Dutch Elm Disease.
- **HARDWOOD—LONG LIFE.** Not only are Gurney's Hybrid Elms a hardwood tree but they are long-lived too.
- **HANDSOME SHAPE.** Gurney's amazing Hybrid Elm grows as symmetrical as any shade tree.
- **FILTERED SHADE.** Gurney's Hybrid Elm has a large leaf yet the sun can get through to the grass. This is important for a good lawn.

Its Rapid Growth Is Amazing

It's hard to believe that the Hybrid Elm has actually grown from 8 to 14 ft. in one year. No other shade tree has as many good qualities and as few faults—if any—as our Hybrid Elm. The perfect answer to your prayers for a rapid growing, hardy, beautiful shade tree.

All Shipped Ready-Pruned

We do this to allow the tree to replace the many small feeder roots lost in the digging process, and also, to reduce the chance of your losing it.

HOW TO GROW STRAWBERRIES

It's really easy. Set plants 12 to 18 inches apart in row with rows 3 1/2 ft. apart. The crown or spot where root leaves off and top begins should be set exactly level with surface of the ground. Spread the roots and pack soil firmly. Keep free from weeds.

Thought you'd enjoy this picture of the 2 daughters of Mr. and Mrs. Dean Bolton. This was a 4-H project of Home Grounds and really looks beautiful. The 4-H design was grown from Gurney's Good Luck Plants.

FOR KIDS ONLY!

Order No. 100S

This is for you kids only. A giant packet of a little bit of every kind of seed imaginable —both garden seed and flower seed, and we call it our "Giant Jumble Packet." We know you kids can't buy some of everything you want to try, so we've rolled 100 different kinds together in one big packet.

Now this must be your own penny. Don't ask anyone for it. And it must come with your folks' order. Just write Gurney's GIANT JUMBLE PACKET on their order and put in your penny. You'll be buying your own complete garden.
